to the

COMMISSION DELEGATED REGULATION (EU) .../...

**amending Annex III to Regulation (EU) 2018/848 of the European Parliament and of the
Council as regards certain information to be provided on the labelling of organic
products**

ANNEX

Point 2.1. of Annex III to Regulation (EU) 2018/848 is replaced by the following:

‘2.1. Information to be provided

2.1.1 Operators shall ensure that organic products and in-conversion products are transported to other operators or units, including wholesalers and retailers, only in appropriate packaging, containers or vehicles closed in such a manner that alteration, including substitution, of the content cannot be achieved without manipulation or damage of the seal and provided with a label stating, without prejudice to any other indications required by Union law:

- (a) the name and address of the operator and, where different, of the owner or seller of the product;
- (b) the name of the product;
- (c) the name or the code number of the control authority or control body to which the operator is subject; and
- (d) where relevant, the lot identification mark in accordance with a marking system either approved at national level or agreed with the control authority or control body and which permits the linking of the lot with the records referred to in Article 34(5).

2.1.2 Operators shall ensure that compound feed authorised in organic production transported to other operators or holdings, including wholesalers and retailers, are provided with a label stating, in addition to any other indications required by Union law:

- (a) the information provided in point 2.1.1;
- (b) where relevant, by weight of dry matter:
 - (i) the total percentage of organic feed materials;
 - (ii) the total percentage of in-conversion feed materials;
 - (iii) the total percentage of feed materials not covered by points (i) and (ii);
 - (iv) the total percentage of feed of agricultural origin;
- (c) where relevant, the names of organic feed materials;
- (d) where relevant, the names of in-conversion feed materials; and
- (e) for compound feed that cannot be labelled in accordance with Article 30(6), the indication that such feed may be used in organic production in accordance with this Regulation.

2.1.3 Without prejudice to Directive 66/401/EEC, operators shall ensure that on the label of the packaging of a mixture of fodder plant seeds containing organic and in-conversion or non-organic seeds of certain different plant species for which an authorisation has been issued under the relevant conditions laid down in point 1.8.5. of Part I of Annex II to this Regulation, information is provided on the exact components of the mixture, shown by percentage by weight of each component species, and where appropriate varieties.

In addition to the relevant requirements under Annex IV to Directive 66/401/EEC, that information shall include besides the indications required in the first paragraph

of this point also the list of the component species of the mixture that are labelled as organic or in-conversion. The minimum total percentage by weight of organic and in-conversion seeds in the mixture shall be at least 70%.

In case the mixture contains non-organic seeds, the label shall also include the following statement: “The use of the mixture is only allowed within the scope of the authorisation and in the territory of the Member State of the competent authority which authorised the use of this mixture in conformity with point 1.8.5. of Annex II to Regulation (EU) 2018/848 on organic production and labelling of organic products.”

The information referred to in points 2.1.1 and 2.1.2 may be presented solely on an accompanying document, if such a document can be undeniably linked with the packaging, container or vehicular transport of the product. This accompanying document shall include information on the supplier or the transporter.’
