THE EUROPEAN COMMISSION,

Whereas:

- (1) A preparation of 6-phytase produced by *Trichoderma reesei* CBS 122001 and a preparation of endo-1,4-beta-xylanase produced by *Trichoderma reesei* CBS 114044 were authorised as feed additives ('feed additives concerned') by Commission Implementing Regulations (EU) 2021/982² and (EU) 2023/1332³, respectively.
- (2) The holder of the authorisations for the feed additives concerned, Roal Oy, has submitted an application in accordance with Article 13(3) of Regulation (EC) No 1831/2003 proposing to change the name of the holder of the authorisations for the feed additives concerned to AB Enzymes Finland Oy.
- (3) The proposed change of the terms of the authorisations is purely administrative in nature and does not entail a fresh assessment of the feed additives concerned. The European Food Safety Authority was informed of the application.
- (4) To allow AB Enzymes Finland Oy to exploit its marketing rights, it is necessary to change the terms of the authorisations concerned.
- (5) Commission Implementing Regulations (EU) 2021/982 and (EU) 2023/1332 should therefore be amended accordingly.
